A Tell Tale Proposition.

The California papers are considerably excited over Palmer and Reys published card that they will centract to furnish an inch 11th, 1890. advertisement in 185 papers for \$12. This is not quite six cents a Paper.

A war is being made against this advertising concern in California, and most of the papers there have ceased to have any further dealings with the firm.

Palmer and Rey have made a fortune out of the gullibility and delegates be apportioned as follows: credulity of the papers, and the duped publishers are fl. ally waking up to the fact that they have simply been a lot of suckers for the P. & R. net.

At the next meeting of the Nevada Press Association, this question will be taken up and an effort California on this proposition, and have Nevada papers deal through the advertising agent of the California Press Association, John F. Uhlhorn 137 Montgomery Street,

All advertising coming through him is eash with five per cent discount. The Palmer and Rey advertising is plate, type and roller composition with 25 per cent discount. The proposition of Palmer and Rey to insert an adv. in 185 papers for \$12 gives one an idea of how cheaply they regard the advertising space in the papers they claim to handle.

Mere Sense Than the Boss?

The other day a Democratic editor in the Eastern part of the State came down to his office white with rage and commenced to beat the stuffing out of his poor printer's devil.

"I'll teach you to change my editorials," he shouted as he gave hem fresh blows, "I wrote an article last night to prove that the Republican party was no friend of silver and you changed the whole sense of it."

When the boy could collect his breath he explained that he thought the editor wrote it when he was drunk as silver was up to 118 and still climbing under Republican rule.

"It's a d-lie," roared the editor, "silver aint climin' at all. Havn't you any more sense than to believe these lying Associated Press dispatches?

"I don't pay any attention to silver quotations anyhow when I'm runnin' this sheet. Most of my subscribers don't know the defference anyhow and the next time I find you, changing any of my editorials I'll brain you with a roller mould."

The position taken by Speaker Reed on the rules of the House and the manner of administering them, was very thoroughly demolished recently by a writer in the North American Review over the signature of "X. M C." The article was keen and incisive, and showed so intimate an acquainterce with congressional procedure that its authorship was generally attributed to Secretary Blaine, who is known not to admire Reed or his methods. It is now found that the real author ic George C. Gorham, as one time the Republican cand: late for Governor of California, later Secretary of the United States Senate and a stalwart of the Conkling camp. He is caustic enough to hold his own with sarcastic Tom very easily.

Tascott, the man who murdered Snell, the Chicago millionare, has been again arrested. Poor Tascott has been arrested so many times that he must begin to hate the very sight of a police officer.

The Journal says that John P Jones' election to the U.S. Senate being assured it would be well to nominate a good legislative ticket of business men irrespective of the fact that they vote for the U. S. Senator.

Good Agricultural Land for \$10 to \$20 per Acre.

The Pacific Improvement Comrany

The Facific Improvement Comrany has recently perchased twelve thousand acres of Isad in the heart of Tehama County, for the purpose of promoting subdiction and settlement. This land embraces lands from first class sacramento Valey agricultural land, to cand of far average quality, and is offered at rom \$ 0 to \$20 ter acre, in subdivisions of 4, \$6, 120, 160 and 20 acres.

The tems upon which these lands as offered are is recially a fractive. They will be sold in sub-ivisions, as above indicated, bother tayment of interest on y for three years, at which time the purchaser can begin the payment of five qual around it stallments. Thus wo part of the principle by paying the first of five qual around it stallments. Thus wo part of the principle is to be paid for three years and then the purchaser is to have five years in which to pay five equal normal installments, with interestant the rate of seven per cent per annum, making payments extending over a period of eight years. It tending purchase is are assured that this is an opportunity at \$10 cer acre, and cood agricultural land at \$20 per acre, with other grades of land at prices to correspond between these figures.

The assention is frequently made that good 1 has, suitable or general arming and especially adapted for furting owing cannot be had in California for less that from \$60 to \$100 per acre. An eramination of the land subject of this advertisement will prove to home seeker that this is an apportunity for the purchase of good agricultural land at \$20 an acre, and for qualities grading down to fair agricultural land at \$10 an acre on terms of pyment which should make the disposition of these lands to actual settlers a result easy of accomplishment.
